Dartmouth branch celebrates new location in Maritime style

BURLINGTON, ON – There’s never been any doubt that Maritimers know how to throw a good party and the Dartmouth, Nova Scotia branch proudly held up this tradition on Thursday, June 18.

Although technically not a grand opening celebration as the Mechanical branch moved to their new location in September 2008, their customer appreciation evening was certainly well received and attended. Serving up some real Maritime flavour with a selection of barbecued shrimp, oysters, scallops and chicken, there were over 120 customers and vendors in attendance.

“It was a very successful night. We had 25 table-top displays from our vendors, we had great draw prizes and feedback on the night has been very positive,” said Peter Farrell, Atlantic General Manager. “And the new facility is in a great location. We have high traffic visibility and we face Tim Horton’s – which can’t be bad!” continued Peter.

Dartmouth Branch Manager, Paul Brown is very optimistic about the future. “We have a great location and offer one-stop shopping for plumbing, fire protection and PVF. I also have great staff - they are extremely focused on providing quality customer service.”

The Dartmouth, NS branch is located at 20-24 Akerley Boulevard.
